## SMART WIFI

POWERED BY Plume HomePass®

All internet packages come with Smart WiFi — a flexible, intuitive network that syncs to your internet usage and provides you with the fastest, most reliable service.

### ADAPT

Adapt continually adjusts to home usage to deliver in-home performance beyond the capabilities of standard mesh systems. Adapt optimizes the connections for all devices and provides seamless transitions as you move throughout your home.

### GUARD

In a world where even thermostats can be hacked, a smart home is only as safe as its weakest link. Network Guard is security for every WiFi device on HomePass networks.

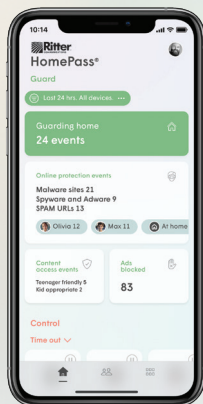

### CONTROL

Take control of your network with Custom Network Access, Device Freeze and Content Filtering features. Protect users from inappropriate internet content without the need for constant monitoring.

**+** Add an extra WiFi SmartPod! **\$5/each** per month

The HomePass® app allows you to easily set up and manage the Adapt, Guard and Control functions of your new Smart WiFi network from your phone.
