

# WARNING

This is a VoIP Service. E911 service may be limited or unavailable under certain circumstances including but not limited to:

1. Your broadband/interconnected connection has failed or is disconnected
2. Your electrical power is disrupted
3. The current location of your handset has not be registered with your service provider. E911 calls made from this device will be routed to the emergency responder associated with the physical service address that you have registered with RightFiber. You should be prepared to provide your physical service address, contact RightFiber at 833.717.4448

**If you are unable to immediately complete a 911 call, PLEASE USE THE EMERGENCY PHONE NEAREST TO YOU.**
